FIRST ANNOUNCEMENT: CALL FOR ABSTRACTS AND PRELIMINARY REGISTRATION

We are pleased to announce the 6th International Medicinal Mushroom Conference, which will be held in Zagreb, Croatia. We invite scientists, professionals, students and practitioners (mycologists, biologists, ecologists, biochemists, biotechnologists, pharmacologists, nutritionists, medical doctors, immunologists, oncologists, infection diseases specialists, cardiologists, neurologists, specialists in integrative, complementary and alternative medicine, bioremediators - especially in agriculture and forestry, etc), people working with mushrooms and in other food industries, nutraceutical, pharmaceutical and other related industries and entrepreneurial and commercial initiatives, as well as all those who are interested in studying, discussing and exploring practical applications of the most current research on fungi and their medicinal properties.

The Conference will be organized with parallel sessions and poster exhibitions. An International Industrial Exhibition of Medicinal Mushrooms and Mushroom Products is also planned.

The official language of the conference is English, including lectures and printed materials.
Conference Topics

1. Systematics, taxonomy, distribution, ecology and fungal culture collections
2. Medicinal and nutritional value of mushrooms and pharmacology of active compounds
3. Mushroom nutraceuticals in theory and practice – production, regulation, promotion and marketing worldwide
4. Fungal physiology, biochemistry and genetics
5. Mycotechnology and cultivation in research and industry
6. Mycoremediation in forestry and agriculture
7. Ethnomycology, traditional and alternative medicines using medicinal mushrooms
8. Special panel discussion: a. Medicinal mushrooms and cancer, b. Medicinal mushrooms and viral infections

Conference Structure

The conference program will be based on the main topics and will also include plenary keynote lectures, symposia, special panel discussions and poster sessions. The conference program will be based on the main topics and will also include plenary keynote lectures, symposia, special panel discussions and poster sessions.

mountains in Lika and Gorski Kotar and rocky coastlines on the Adriatic Sea with over one thousand islands. Croatia has great biodiversity, including mushrooms.

Zagreb, the capital of Croatia, is its political, economic, cultural, and scientific center, with more than 800,000 inhabitants. Sometimes marked as “a little Vienna,” regarding its architectural society, Zagreb is the capital of Croatia.

President: Dr. Ivan Jakopovich

Additional Assistant: Tin Pozegić

Executive Assistant: Nevena Drazenska Komac, Prof. Ibrhim Mucic, Prof. Milan Glavas, Boris Jakopovich, Prof. Roman Bozec.

Vice President: Prof. Milos Jurić

Conference Organizing Committee

Integrated into contemporary European transportation, the leading centers of this region of Europe, very well connected and one of the modern areas, Zagreb is a modern European city and one of the oldest universities in the region (founded in 1669). From an old medieval core to the modern areas, Zagreb is a modern European city and one of the oldest centers of higher education in Europe. Zagreb is a beautiful city, with more than 800,000 inhabitants. Sometimes marked as “a little Vienna,” regarding its architectural society, Zagreb is the capital of Croatia.

About Croatia and Zagreb

Republic of Croatia, the country candidate for the membership in the European Union, is a Central European and Mediterranean country. With its very rich cultural heritage and magnificent natural beauty (9 national parks), Croatia is the 18th most popular tourist country in the world. Consisting of very different geographical and climatic regions - plains, lakes and rolling hills, mountains in Lika and Gorski Kotar and rocky coastlines on the Adriatic Sea with over one thousand islands, Croatia has great biodiversity, including mushrooms.

President: Dr. Ivan Jakopovich

Additional Assistant: Tin Pozegić
