

# HYDROBIOLOGICAL JOURNAL

## VOLUME 37

### CONTENTS FOR 2001

#### Number 1

<i>A.F. Alimov &amp; A.A. Umnov.</i> A Simple Model of a Lake Ecosystem for the Study of Relationships between its Components	3
<i>T.N. Sereda.</i> Formation of the Structure of Algal Communities of the Desna River	15
<i>V. P. Bilko &amp; S. V. Kruzhilina.</i> Influence of Free Carbon Dioxide on the Viability of Phytophilous and Pelagophilous Fishes in Early Ontogeny	26
<i>N. T. Shevchenko.</i> Nutrition of Whiting ( <i>Merlangus merlangus euxinus</i> (Nordmann) (Gadiformes, Gadidae) in Different Areas of the Black Sea	39
<i>L.A. Kovalchuk &amp; Yu.V. Bryantseva.</i> A Method for Determining the Validity of Assessments of Abundance and Biomass of Phytoplankton Communities in the Black Sea	53
<i>L.A. Georga-Kopulos &amp; L.L. Smirnova.</i> The Use of Infrared Spectroscopy for the Study of the Impact of Active Chlorine on Seawater and Communities of Periphyton Microorganisms	60
<i>V.A. Terekhova &amp; T.A. Semenova.</i> The Study of Benthic Microflora by a Near-bottom Disk	67
<i>P. N. Linnik.</i> Bottom Sediments of Reservoirs as a Potential Source of Secondary Pollution of the Aquatic Environment by Heavy Metal Compounds	73
<i>V. I. Lavrik.</i> Principles of Mathematical Modeling of Processes of Physicochemical and Biological Self-purification in Aquatic Ecosystems	87
<i>S. A. Afanasyev, Yu. F. Gromova &amp; O. V. Manturova.</i> The Structure and Composition of Pelagic Communities of the Estuarine Region of the Vita River	112
<i>O.V. Manturova.</i> A Gradient Analysis of Algal Communities of an Urban River (on the Example of the Nivka River)	123

<i>O.P. Oksiyuk &amp; V.N. Zhukinskiy</i> . Ecological Standards of Water Quality for the Ros river	129
-----------------------------------------------------------------------------------------------------	-----

## Number 2

<i>T.F. Shevchenko</i> . Blue-green Periphyton Algae of the Cooling Pond of the Chernobyl Nuclear Power Station Until and After the Accident	3
<i>O.P. Oksiyuk</i> . Ecological Standards of Water Quality for the Shatsk Lakes	21
<i>P.D. Klochenko &amp; V.A. Medved'</i> . The Influence of Lead and Copper on Some Indices of Vital Activity of Green and Blue-green Algae	39
<i>O.S. Rusinova, L.P. Astachova &amp; V.I. Luschak</i> . Influence of Temperature Acclimation and Actinomycin D on the Carbohydrate Metabolism in Liver and Muscles of <i>Mullus barbatus ponticus</i>	52
<i>B.Z. Kaufman</i> . Preferential Behavior of <i>Pontoporeia affinis</i> Lindstrom (Crustacea, Amphipoda)	60
<i>N. V. Bren'</i> . Use of Invertebrates in Monitoring of Aquatic Ecosystems Contaminated with Heavy Metals (A Review)	66
<i>L. A. Koval'chuk &amp; N. M. Litvinenko</i> . Statistical Analysis of Reliability and Accuracy in Evaluation of Mussel ( <i>Mytilus galloprovincialis</i> L.) Population Numbers	80
<i>L. V. Shevtsova, H. U. Balford &amp; V. Moshanu</i> . Methodological Approaches to the Inclusion of Hydrobiological Indices into the Model for Management of the Dniester River Water Resources	88
<i>V. V. Udovichenko, V. I. Nabivanets &amp; V. V. Sukhin</i> . Accelerated Method for the Determination of Chemical Oxygen Demand in the Natural Waters	100
<i>A. D. Fedorovsky, L. A. Sirenko, A. J. Khodorovsky &amp; A. D. Ryabokonenko</i> . Use of Space Information for the Control of Water Bodies in the Chernobyl Zone	108
<i>L. A. Zhuravlyova &amp; A. A. Morozova</i> . Runoff of the Total Suspended Phosphorus from the Dnieper-Bug Mouth Area into the Black Sea	117
<i>O.P. Oksiyuk, O.A. Davydov, G.V. Melenchuk &amp; Yu.I. Karpezo</i> . Peculiarities of Phytoplankton of the Kiev Section of the Kanev Reservoir Depending on the Operating conditions of the Kiev Hydro-Electric Power Station	122

### Number 3

<i>A.F. Alimov.</i> Productional Characteristics of Lake Ecosystems	3
<i>A.A. Protasov, O.O. Sinitsyna, R.A. Kalinichenko, O.A. Sergeyeva, A.A. Silayeva &amp; Ye.A. Golubkova.</i> Plankton, Benthos and Periphyton of the Cooling Pond of the Khmel'nitskaya Nuclear Power Station	16
<i>T.A. Zotina.</i> Vertical Distribution of Phytoplankton in Salt Lake Shira	35
<i>A. D. Gordina, A. V. Tkach &amp; S. D. Sevríkova.</i> Ichthyoplankton Responses to Anthropic Influences in the Zones of the Black Sea Harbors	45
<i>V. Burkovskiy, A. K. Kashunin &amp; A. I. Azovskiy.</i> The Community of the White Sea Microbenthos as an Indicator of the State of the Aquatic Environment	54
<i>A. A. Zhidenko, V. V. Krivopysha &amp; V. V. Grubinko.</i> The Role of Brain $\gamma$ -Aminobutyrate Shunt in Adaptation of Fish to Extreme Environmental Factors	64
<i>A. D. Fedorovskiy, L. A. Sirenko, K. Yu. Sukhanov &amp; V. G. Yakimchuk.</i> Methodical Aspects of Decoding the Space Images of Aquatic Vegetation Landscapes for the Estimation of the Ecological State of the Mouth Areas of Rivers	75
<i>K. M. Khaylov, Yu. Yu. Yurchenko &amp; D. M. Smolev.</i> A Methodology for Studying the Bioinert System "Solid Substratum – Organisms – Water flowing around them"	86
<i>O.B.Stolyar, V.Z. Kurant, V.A. Khomenchuk &amp; P.B. Balaban.</i> Influence of Sublethal Lead Concentrations on the Content of Thiol Compounds and Proteins in Carp Organism	99
<i>I.V. Pan'kov &amp; A.D. Andreyev.</i> Peculiarities of Radionuclide Accumulation by Representatives of "Soft" Benthos after the Chernobyl Accident	106
<i>A.S. Potrokhov &amp; O.G. Zin'kovskiy.</i> A New Antistress Preparation, Glycylanilid, and the Method of its Use for Pisciculture	116
<i>E. P. Shcherban' &amp; S. P. Ponomarenko.</i> Assessment of Toxicity of Plant Growth Regulators by Biotesting on <i>Daphnia magna</i> Straus	123

### Number 4

<i>Yu. P. Zaitsev.</i> The Black Sea in Works of Ukrainian Hydrobiologists of the 20 <sup>th</sup> Century: A Review	3
----------------------------------------------------------------------------------------------------------------------	---

<i>A.N. Grishin</i> . Peculiarities of the Biology of <i>Mnemiopsis leidyi</i> (A. Agassiz) under Conditions of the Black Sea	26
<i>L.I. Lokot'</i> . Species Diversity of Free-Living Plankton Ciliata in Lakes of Dry and Plain Steppes (the Baikal Area, Mongolia)	35
<i>V.V. Zavoruyev</i> . Dynamics of the Concentration of Chlorophyll and Photosynthetic Activity of Algae in the Ice of a Fresh Water Body	45
<i>O.G. Mironov</i> . Biological Problems of Oil Contamination of Seas	52
<i>V.I. Shcherbak</i> . The Influence of the Duration of Exposition on the Indices of Phytoplankton Primary Production in Eutrophic Water Bodies Using the Bottle Method in the Oxygen Modification	68
<i>T. A. Kharchenko, A. V. Lyashenko &amp; I. Kh. Bashmakova</i> . Retrospective Analysis of Water Quality in the Lower Reaches of the Danube	75
<i>M. V. Milyukin</i> . Solid-Phase Extraction of Organic Semivolatile and Non-volatile Compounds Contaminating Natural Waters in Trace Amounts	90
<i>V. Pan'kov, S. A. Afanas'yev, V. A. Maksimovich &amp; T. P. Prityka</i> . The Role of Some Invertebrates in Radionuclide Migration through the "Bottom Sediments – Water Column" Phase Division (Interphase)	101
<i>D. B. Kosolapov &amp; B. B. Namsarayev</i> . The Microbial Metabolism of Organic Carbon in Bottom Sediments of the Rybinsk Reservoir	109
<i>Yu. D. Kononov</i> . Metal-binding Proteins of Mature Fish Eggs	117
<i>O.I. Stom &amp; T.A. Geel</i> . Toxic Action of Organic Compounds and Heavy Metals on <i>Epischura baicalensis</i> and <i>Daphnia magna</i> in the Presence of Fodder Organisms	130

## Number 5

<i>E.N. Volkova, V.V. Belyaev, Z.O. Shirokaya, V.G. Klenus, A.E. Kaglyan, M.I. Kuz'menko, T.P. Prityka &amp; V.A. Karapish</i> . Radioactive Pollution of Water Bodies of Ukrainian Polissya and the Form of Presence of Radionuclides in Some Components of Aquatic Ecosystems	3
<i>A.A. Protasov &amp; O.O. Sinitsyna</i> . Phenotypic Differentiation of the Sub-Population Groups of <i>Dreissena Polymorpha</i> Pall. under Conditions of a Heterogeneous System of Water Bodies	21
<i>O.M. Usenko, A.I. Sakevich &amp; P.D. Klochenko</i> . Involvement of Photosynthesizing Hydrobionts in Decomposition of Urea	35

<i>S.M. Ignatyev</i> . Main Results of the Study of Zooplankton of the Arabian Sea by the Institute of Biology of the Southern Seas, National Academy of Sciences of Ukraine	47
<i>N.K. Revkov, Ye.A. Kolesnikova, N.A. Valovaya, T.V. Mikhaylova, S.A. Mazlumyan &amp; V.K. Shalyapin</i> . Benthos of the Coastal Zone of the Southern Shore of the Crimea (Balaklava – Cape Aya): its Composition and State	57
<i>V.M. Timchenko &amp; S.S. Dubnyak</i> . Ecological Aspects of the Hydrological Regime of the Kiev Section of the Kanev Reservoir	67
<i>V. D. Solomatina, M. V. Malinivskaya, M. A. Fomovskiy &amp; N. A. Mogilevich</i> . Peculiarities of Fish Metabolism under Conditions of Radioactive Pollution	79
<i>B. I. Nabivanets, P. N. Linnik &amp; V. V. Udovichenko</i> . Methods for Determination of Chemical Oxygen Demand in the Natural Waters	87
<i>E. D. Gopchenko &amp; N. S. Loboda</i> . An Evaluation of Possible Changes in the Water Resources of Ukraine under Global Warming Conditions	105
<i>E.P. Scherban', I.N. Konovets &amp; O.M. Arsan</i> . Study of the Algerian superphosphate toxicity for <i>Daphnia magna</i> and <i>Ceriodaphnia affinis</i>	118
<i>A. P. Pasichny, I. M. Velichko &amp; Ye.A. Pasichnaya</i> . Electrophysiological Aspects of Biotesting of Toxicity of Aquatic Environment using Hydrophytes	126
<i>A.V. Shulyarenko &amp; L.A. Zhuravleva</i> . The Content and Regularities of Distribution of Iodine in the Dnieper Reservoirs	145

## Number 6

<i>L.V. Shevtsova, N.G. Tkachuk, V.V. Malafeyev &amp; V.V. Vasilkovskaya</i> . The Ecological and Sanitary State of the Lybed River	3
<i>E.P. Shcherban', I.N. Konovets &amp; O.M. Arsan</i> . Assessment of Cuproxyl Toxicity by the Method of Bioassay Using Cladocera	15
<i>G. P. Polovinko</i> . Microbiological Studies of Water and Mucilaginous Biofilms in the Source of the Ob River in the Section Contaminated by Industrial Sewage	22
<i>T.M. Mikheyeva &amp; Ye.V. Lukyanova</i> . Role of Picoplankton in Phytoplankton Communities of Freshwater Ecosystems (an Overview)	32
<i>A.A. Kovalchuk</i> . Epiphytic Ciliata of the Dnieper Reservoirs	45

<i>P.D. Klochenko, A.I. Sakevich, O.M. Usenko &amp; T.F. Shevchenko. Changes in the Structure of Phytoplankton under the Influence of Urea</i>	65
<i>N.I. Kirpenko. Dynamics of the Content of Different Forms of Nitrogen in the Medium Used for Intensive Cultivation of <i>Chlorella</i></i>	78
<i>L.Ye. Mikhaylenko &amp; L.I. Bagnyuk. Regularities of the Functioning of Bacteria of the Kremenchug Reservoir</i>	86
<i>G.N. Oleynik &amp; A. Sventetskiy. Microorganisms of Fouling of Anionite of Water Treatment Setups of Thermal Power Stations</i>	99
<i>T. A. Vasilchuk &amp; P.D. Klochenko. Dynamics of the Content of Nutrients and Organic Matter in Some Tributaries of the Dnieper River Depending on the Development of Phytoplankton</i>	111
<i>V.G. Drabkova, Z.G. Kaurova &amp; N.L. Khlopotina. Peculiarities of the Heterotrophic Activity of Bacterioplankton in the Estuary of the Neva River (Neva Bay and the Eastern Part of Finish Bay)</i>	122
<i>Contents for 2001</i>	134
